## Evaluation & Selection Process

*We take pride in our evaluation process having integrity and being fair. Athletes will be evaluated using qualitative metrics, by a number of different coaches, over the course of their time in the gym.*

*We ensure a fair evaluation by briefing our staff about bias and excluding the evaluations of any athlete's current high school coach who may be part of our staff.*

# Evaluation & Selection Process

*\*Check out our Boys  
Tryout FAQ for more  
information!*

**Four** key criteria are weighed when evaluating athletes:

- 1) **Current Skill Level** - "General Skills" and "Position Specific"
- 2) **Physicality (i.e. height, speed, vertical jump)** - Especially on Open teams
- 3) **Coachability & Mindfulness** - Ability to get feedback & make changes
- 4) **Leadership & Communication** - Essential to volleyball!

*Other factors: Volleyball IQ, Commitment Level, Work Ethic, & Attitude*
